

Austin Transportation Department

P.O. Box 1088
Austin, TX 78767

June 15, 2016
To Stakeholder, Property Owner, or Resident:

This is an updated notification containing new information related to this project. Local stakeholder feedback was used to re-evaluate the proposed project, resulting in a change to traffic circulation. Discussions with Austin Independent School District (AISD) and stakeholders at the second open house led to a design change to keep Homedale Drive open to two-way traffic. The updated map below shows the change to Homedale Drive.

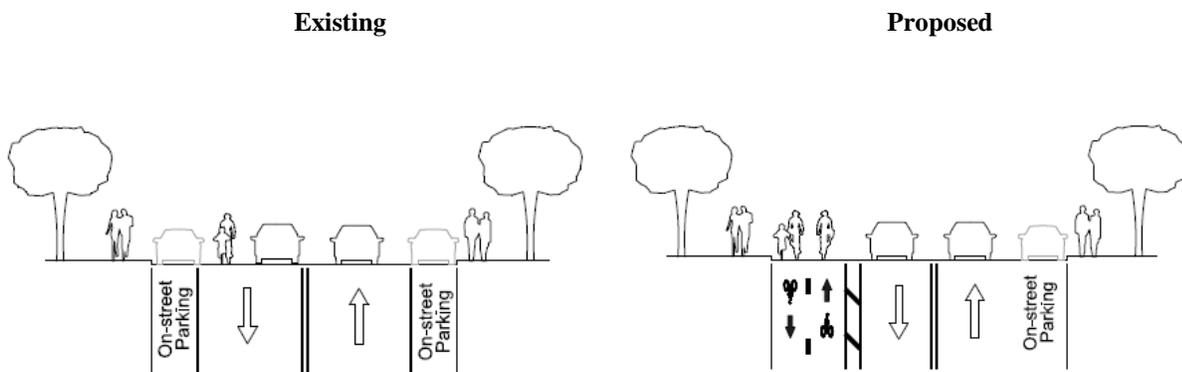

You are receiving this notification because you live on and/or own property adjacent to Barton Hills Drive in Austin, Texas or are otherwise registered as a stakeholder in the area.

Usted está recibiendo esta notificación porque vive cerca de Barton Hills Drive, es dueño de propiedad cerca de Barton Hills Drive, o es parte interesada de Barton Hills Drive en Austin, Texas. Si necesita un documento traducido en español, llame a (512) 974-7092.

Barton Hills Drive is scheduled for routine street maintenance (resurfacing) in the next few months. By coordinating with this resurfacing, the Austin Transportation Department (ATD) has the opportunity to modify the street striping with little to no effect on project cost and duration. ATD is assessing restriping options that could improve safety and mobility for all road users.

Typical proposed striping along Barton Hills Drive will have a two-way protected bikeway on the west side of the street and a parking lane on the east side of the street as shown in Figure 1. Special design consideration will be given to improved pedestrian crossings in response to numerous requests from citizens.

Figure 1 – Typical Cross Sections for Barton Hills Drive

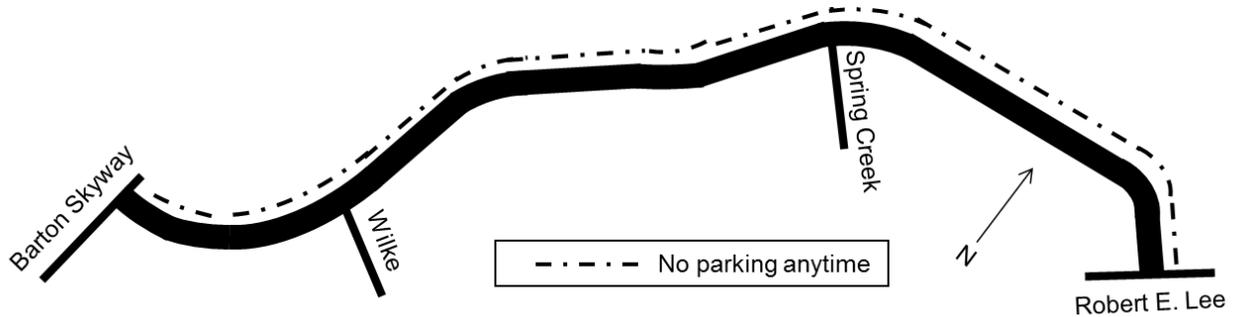

In order to add bicycle facilities on Barton Hills Drive, on-street motor vehicle parking will be prohibited at certain locations as listed below and in Figure 2. To relieve congestion on Barton Hills Drive during school pick-up and drop-off times, a westbound right turn lane will be added to facilitate entry into the elementary driveway. **Homedale Drive will remain open to two-way traffic** as listed below and in Figure 3. In addition, in

order to enable the construction of sidewalks on Briarcrest Drive, approximately 350 feet of the south side of Briarcrest Drive will have parking prohibited.

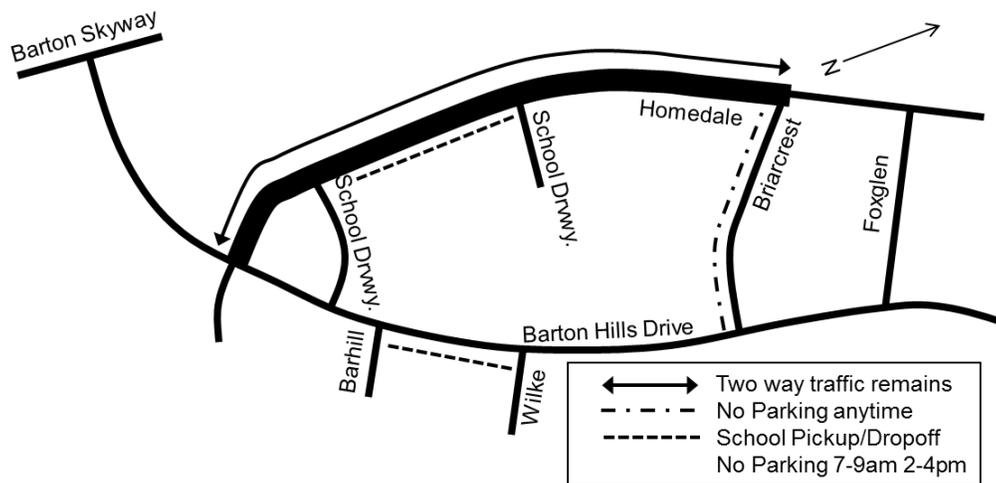

- **Barton Hills Drive** (from Robert E. Lee to Barton Skyway) – prohibit parking on the west side of the street.

In order to ensure the most appropriate allocation of street space, ATD is seeking feedback from local residents and other users of this street prior to determining final plans. You can obtain additional information about this mobility project and provide feedback at an open house on Tuesday, June 28, from 6:00 pm to 7:00 pm in the library of Barton Hills Elementary School, 2108 Barton Hills Drive, Austin, TX 78704. Feedback based on local experience frequently results in improvements to initial project proposals. If necessary, modifications to this proposal can be made after input received at the open house. If you cannot attend this open house and have questions or comments, please contact Mike Schofield at 974-7834 or Mike.Schofield@austintexas.gov.

Sincerely,

Anna Martin, P.E.
